

Blessed Hope Christian Church

Pastor Sam Comising grew up in a village in the Philippines. He came to Christ after a Christian missionary came to his village. After he was called to preach, he would sometimes preach on street corners and continue to share the Gospel even as people threw rocks and trash at him. Today, Blessed Hope Christian Church has a heart for the lost. The church members are serious about sharing Christ with the people who live in some of the very poor areas of Cavite. The church meets in two locations, in Molino, a housing development, and in Dasmaringas, in a storefront directly across from the Dasmaringas National High School.
