

Capstone Church

Capstone Church is a new church plant in Fountain Inn, SC. Our vision is to follow Christ as he leaves the 99 to chase after the 1. Capstone's mission is to remove all the barriers someone may use as an excuse for coming to experience the gospel of Christ. We also exist to take the gospel into our community and make a tangible difference in those who work, live, and play with us.

Three months after Capstone's launch in January 2009, we have run out of space at the Fountain Inn Activities Center. In order to continue to provide an excellent experience for the whole family at Capstone, we have moved to a new space that will allow our children to have plenty of space to be kids.

Our new meeting space is the old "Oasis Building" beside Interstate 385 in Fountain Inn. We are excited about being able to meet here. This will allow us to not only reach more people with the Gospel of Christ, but to also provide a new space for our community.

Prayer

1. Capstone Church continues to lift up our city Fountain Inn and the lost who live here. We also continue to pray for building up passionate disciples of Jesus Christ.
2. Lift up Chris Barrineau and his family (Laura, Blake, Faith, and Libby) and Walt Tanner and his family (Betsy, Luke) as they lead Capstone.
