

# Fulakunda of West Africa

Scott and Julie Bradford have been working among the Fulakunda for the past 5 years in Senegal. They have seen God move in those 5 years raising up nearly 300 believers stretching from Guinea Bissau to the Gambia. They have focused their energies on evangelism, discipleship and leadership development.

They have begun to baptize leaders who are starting to continue the ministry in their areas. Scott and Julie have been joined by Erik, a journeyman who has been researching where the Fulakunda are located throughout the five surrounding countries so that they can help to get churches to engage the Fulakunda where there is no presence of the Gospel.

Michelle, also a journeyman, is working primarily among younger women seeking to engage them with the Gospel before they are married and early in their marriages that they might win their families to Christ. She is also assisting in translation work for the Fulakunda.

## **Opportunities for Service:**

Prayer partners; giving to the cooperative program and Lottie Moon Christmas offering, volunteer for a mission trip; pray for Scott, Julie & family daily.

## **Prayer:**

1. Pray for the new storying groups taking place in 4 different neighborhoods. Pray that the Fulakunda's hearts would be open to the Word of God and that they would accept Him as Lord and Savior. Pray for Michelle, Erik and Julie as they present the Gospel message to these new groups. Pray for wisdom and understanding.
2. Pray for Erik and Scott as they disciple one new believer and several others. Pray that God would empower them with His Word. Pray that they would have the wisdom to deal with Fulani culture and how that relates to living Biblically. Pray for these believers to stand firm in their faith and be the leaders they need to be. Pray that they would take the Gospel to their family, friends and neighbors. Pray that these groups of believers would start their own churches.
3. Pray for Matthew Lacy who will be joining us for 3 months and doing music ministry among the Fulakunda and helping the believers write culturally appropriate worship music.
4. Pray for more workers to come and labor among the 2.5 million Fulakunda spread over 5 countries
5. Pray for churches who will commit to engaging the Fulakunda in countries where there is no work presently going on.
