

Re-Christ Ministries

The mission of RE-CHRIST MINISTRIES is to reach at-risk children in Gwinnett County Georgia through evangelism and enrichment mentoring. In essence we desire to take the church to the people. We currently serve our community through an after school program at a local apartment complex as well as holding Saturday morning worship services at the Youth Detention Center in Lawrenceville, GA. Our vision is to see God bless our area through the use of community centers. We believe community centers can enable the church to have a focal point for outreach while providing the community a place to call home and where needs can be met.
