

Servant to the Mongols

We are burdened by the Lord to see 6 million Mongols in Inner Mongolia, China, hear about Christ for the first time, believe in Christ, and form vibrant Mongol churches throughout every Mongol population in China. We train the Called Out Ones in theology and Bible Life Lessons so that they can travel throughout Inner Mongolia strengthening weak churches to be vibrant, challenging new Mongol believers to begin churches, and confronting remote Mongol leaders to live obedient, Godly, Holy lives before God. We pray for God to bring Americans who will travel in remote locations, by faith, seeking out opportunities for evangelism so that more Mongols will hear and have the chance to come to Christ. We pray for Americans to come join us in work by serving as English teachers, businessmen, craftsmen, language students for long term (2 yrs) in remote locations to be the Light of Christ where there is only darkness. We pray for Americans to commit to daily, faithfully lift up the Mongols that believers will stand strong in Christ despite the persecution they face and that Mongols will see God's glory upon them so that they believe in Christ as Savior.

Six million Mongols in China. Three thousand believers among the Mongols. Five million, nine hundred and ninety-seven thousand Mongols waiting to hear about Christ.
