Impact Sports

- 1- Please pray for wisdom and direction. There are so many opportunities and places where we can serve that deciding on what to focus on is often the hardest aspect of what we do. We only want to be exactly where God would have us.
- 2 – Please pray for participants in our projects that God would raise up who we need. Participation in ministry and service always changes lives. Please pray that God would begin to prepare these participants before they even know that they will be involved.
- 3 – Please pray for opportunities to grow in His timing. We are looking at the possibility of a facility to further our ministry opportunities. With this also comes an increased need for staff and financial support.
- 4 – Please pray for our family. Despite tremendous opportunities, time away from family, financial uncertainty, and other frustrations that the enemy places in our path takes its toll. Please pray for our physical health, mental strength, and spiritual purity.
- 5 – Please pray for a God-sized perspective that we would see the world and the hearts and lives in it through His eyes. Pray that our passion and vision for the lost reflects His.

Pray for decline in 53% of all high school students who drink, 21% of all middle school students who drink, and 37% of high school students who are having premarital sex, and the 8% of middle school students who are having sex. These stats are congruent with the national statistics, which would also include Greenville area youth as well...so pray for them.
