

# Igreja Batista Esperança

Over the past few years, God has sent a number of Brazilian people to Rocky Creek. Perhaps this was because so many of our people had gone to Brazil on mission trip and had been praying for Brazil. Over the last two years, an effort to start some type of ministry for the Brazilians in our area was being prayed for and prepared for. In March of 2008, we held our first planning meeting, shortly after that a worship service was planned for a Saturday evening in The Storehouse. It was a small group but had such a joy on the faces of those who were able to worship in their native language of Portuguese.

On September 28, 2008, Igreja Batista Esperança, held her very first service at the building at 4156 Woodruff Road. They meet on Sunday evenings at 7:00 pm and desire to worship God and reach Brazilians with the Gospel.

## Prayer Requests:

- God's leadership as we continue to work to plant Esperança.
- The location where we are meeting is not well located for the Brazilians we are reaching, we may look for another location.
- We are considering the Pastoral leadership for Esperança.
